

Supplement to Testimony:

I have experienced a miracle inside me.

The Lord gave me the grace to look at us humans and at our “earthly” world through His eyes.

I remember that the next day, after the miracle, when I was going to work and passing people on the street, I only thought of them as: “Soul”, “Child of God”. I felt in my heart such a great love for people, unlimited love and great peace in my heart. It was like God wanted to show me how He loves us. I realized that He loves all of us the same, without exception. Every human being without exception is of an equal value to Him. In His eyes, no man is worth more than another man. When I looked at other people, I felt in my heart the great sensitivity that a parent feels when they see his or her child.

God allowed me to experience something else. Just like on the next day after the miracle I felt in my chest as if there was a large empty space with a sore outline, later that feeling disappeared and something else appeared. I felt a different dimension in myself, I felt a heavenly sphere in my chest, I heard the voice of God in my heart. An incredible experience that lasted for several months. One day, I lost that heaven in me. Physically, I felt my soul “fade out”, become black. I don't know why that happened. Whether I did something wrong or whether it was God's will, I don't know.

I think this heavenly experience was possible because God cleansed my soul. As I described in my testimony, I became “pure”. He wanted to help make me aware of our human identity. He wanted me to look at people through his eyes.

As a result of the fact that I existed in an extremely different reality - the heavenly one - I saw the other extremity, the earthly reality in which humans remains, with full transparency. God “awakened” the heaven in me and it made me sensitive to the hellish reality in which people exist. It was such a shock to me. It was like someone from heaven threw me into hell.

I felt an immeasurable love for God in my heart, I had heaven in me, and I saw so much evil around me. We don't realize what a “twisted” reality we live in. We think this reality is normal. As people often say: “the world is what it is and will never change”. The truth which I saw is that we live in a hellish reality that we are not sensitive to. We have lost this sensitivity because we have been soaked in sin. We don't "feel" God! And He's right next to us. Even though we move, live and exist in Him, we have stopped feeling Him with every cell of our body! He calls to us “I am!” but we can't hear Him. Sin has separated us from Him as if with a soundproof glass wall. But He's still next to us! We do not see or hear Him, but He sees and hears us all, and suffers greatly with what has happened to us.

I felt through the heart of God and looked at people through His eyes.

I felt God's great love and respect for EVERY man, and at the same time I experienced how He is treated by us. You don't realize how sensitive God is to even the slightest sin! I've

experienced it myself. In fact, every time we open our mouths, we insult the Lord. I remember being so sensitive to even the slightest sin in ordinary, seemingly everyday situations, that I was unable to "function" normally. When seeing or hearing any sin I felt as if hell was storming into this heavenly sphere in me. Besides, I felt as if someone was pressing onto my heart with two hands, so that many times I simply couldn't breathe. I was suffocating as a result of that pressure on my heart. That evil attacked my soul and heart to destroy it, to poison it.

I remember a situation when I was passing two women talking about someone on the street. I heard three sentences from that conversation. Seemingly nothing special, it would seem like an ordinary conversation. But I, being able to experience how God hears it, heard three blasphemies against God and people instead of three sentences. In the three sentences, these women sinned three times: the sin of pride, gossip and criticism of others. That's how God hears us right now. For us it is the most ordinary everyday life, but the Lord is holy, holy, holy and exists in other "spheres", so to speak.

It all starts with the fact that we have turned away from God and turned to another human being. We have forgotten that it is in the direction of God that we should be facing. Not towards another human being or ourselves, we should be focused ONLY on God. He is our only God, our Alpha and Omega. We have everything from Him and we have to address Him with everything. He should be our best neighbour, trusted friend, doctor, and so on. Meanwhile, we are forgetting about Him. This is probably the most forgotten God and our Father. If we have a problem, we call half the world and forget about God, who already knows the way out of the problem. In fact, only what He wants matters, He should be the beginning and the end of ALL of us, in every matter and every day.

We forget that what we humans want doesn't matter at all. Only what God wants is important to us and everything depends on Him. Why, then, do we not negotiate our lives with Him, in whose hands it lies? We think our lives are up to us, and that's not true.

He really EXISTS, He is a millimetre away from us, He sees and hears everything, He waits for us to hear Him and listen to Him. For much longer should He keep calling out to us: "I AM!"? We act like orphans, as if we were abandoned and have to deal with everything ourselves, which is not the case.

Do you know how God suffers seeing what Satan has done to us? The Holy Spirit whom we have in ourselves is deafened in us, and each of us has become a slave to demons. We act like some kind of submissive puppets controlled by demons. They're just playing with us. We have lost our freedom as God's children, our purity. Where is our Divine character, our pride in who we really are? We act like we're in some kind of confusion, like some kind of "zombies". I remember that when I noticed this reality, I wanted to start approaching people on the street and calling out to them: "Wake up! You don't realize WHO YOU REALLY ARE!"

We really have God in us. We've all heard about it, but probably not many of us have felt it.

I have to testify to one more thing. The next day, after the miracle that happened in my life, I began to feel independent of the earthly world. It was like I was in control of the world, had power over it. Like the world belonged to me. I felt as if I was "separated" from this world and was looking at it from the outside, objectively. I saw the essence of the world from the outside, not as a part of this world, subordinate to it and dependent on it. I felt like the world was subordinate to me and not the other way round. I felt like I was in control of the world and not the other way round. I was like the whole world was subordinate to me. Maybe this is our natural state? Perhaps this is how we should all feel if the Holy Spirit were to awaken in us? I experienced that feeling for about a month, maybe longer.

The "Lord's Prayer" was fulfilled in me.

Each verse of that prayer became my new reality.

- Our Father, - I felt like the beloved daughter of the Lord, I loved Him like the natural father.
- in heaven - I felt heaven in myself, I heard in myself the voice of God coming from that heaven
- hallowed be thy name - realizing how much love the Heavenly Father has bestowed upon me, it triggered a response towards Him. When you realize that you have always had a beloved Dad, whom you have hurt so often, and whose love you are now experiencing, a great love awakens in you. You want to do everything so as not to bring Him any more sorrow or hurt His heart. You don't want to cause him sadness or suffering. You want to feel this unbelievable love from the Father and for the Father forever. You see how much pain you have inflicted on Him over the years and He still loves you and cannot bear your enslavement by evil. I praised the Lord's name not because of fear, compulsion, or because that is what a Catholic should do, but because of a pure love for the Heavenly Father
- thy Kingdom come - while experiencing love, heavenly freedom, heaven within me and hell around me, I called upon the Father to come and end this nightmare in which humanity is stuck
- thy will be done - I realized that only the Lord can free us from this hell. Only by submitting to His will, will we regain our freedom. Our human will and our ego is our way to hell. If we listen to our will and not to the will of God, we will not find our way to heaven. If we listen to God, He will lead us to Himself. It's just our reality.
- on earth as in heaven - I wanted people to experience this heaven in themselves. The heaven that I felt. I prayed that the Lord would come and change this world and end the hell we live in
- give us today our daily bread - I felt free. I was free of any worries about tomorrow. It was such great certainty that Father is next to me and I don't have to fight for anything anymore, I don't have to worry about anything. He will feed me, dress me, take care of all needs, even the smallest ones. I felt like a child in his caring arms. **ALL THE WORRIES ARE GONE.** I

WAS TOTALLY FREE AND HAPPY. All that was left was peace and joy of life. Every day I experience so many little miracles that the Father is doing in my life out of concern for me

- Forgive us our sins as we forgive those who sin against us - I realized that every person is possessed by evil, is a slave of demons. I realized that whoever is hurting me is actually a victim of evil and I should be compassionate to him. I understood that the "heavenly" state of the soul is our natural (original) state, but that every sin is the result of a defect in us. We do not need to be poisoned by a lack of forgiveness towards the ones who "suffer" from sin. I understood that only when one is aware of the immense love of God, one is not afraid to forgive, because one knows that by forgiving you do not lose anything. Our Father sees everything and always loves us the same, even if our brother or sister causes us pain. I understood that God does not approve of anyone doing harm to us. But we don't have to respond with evil to evil. There is no need for this, because the Father will turn every evil that comes to us, and to which we respond with good, into a greater good for us. That's how it works. I experience it every day.

- Lead us not into temptation but deliver us from evil - the Father in heaven tests us sometimes. He does it when we go the wrong way. He wants to wake us up. He wants us to experience our weaknesses and see our weaknesses that can lead us to eternal destruction. Power grows in weakness. Every test is a sign of God's love for us and a proof that He does not let us out of His sight and that He watches over us so that we do not get lost. He's correcting our wrong turns.

The Kingdom of Heaven and the Kingdom of Satan

- The Kingdom of Heaven is the kingdom of liberty and equality of all men before the Lord.

- The earthly (Satanic) kingdom is the kingdom of enslavement - material exploitation and spiritual enslavement by demons.

- God incredibly respects every human being - His child. He gives us everything for free - materially and spiritually.

- The Earthly reality - man is a number, a cog in the machine of evil, who is to increase his "efficiency" in this machine; a puppet controlled by a demon, unaware of who he really is, deceived by false happiness in the form of a house on credit, cars on credit, business on credit, holidays on credit, etc., and so on.

- Heavenly reality - God loves us exactly as we are. He made us that way. We don't have to change if we're already perfect for God. To God, we're already "the best". We are his creation, aren't we?

- Hellish reality - we are told that we must change in order to meet the expectations of another human being. Notice - not God's, but another man's! We must be the best - the fastest, the most beautiful, the most talented, the most hard-working and efficient, the richest, the most..., the best... Our pride tells us that some things are up to us, but the truth is different – anything

we have is not up to us, but it is an undeserved grace and gift from the Lord (or in some cases from Satan). There's no point in making any comparisons between people.

A civilization of hyenas is reigning the Earth. Whoever manages to take more for himself, wins. At least that's what he thinks. You know how our Father suffers when He sees our enslavement and degradation. How He suffers terribly when we, His children, fight each other for a slice of bread! He wants to give us everything, He gives us a recipe for happiness, and we, fooled by today's world filled with pride, do not see it. We can't see or hear God. We act like orphans who have to fight for existence every day. Meanwhile, we don't have to fight for existence!

Please, just think about it. The Kingdom of Heaven is the kingdom of happiness. Its ruler tells us what we need to change if we want peace on Earth as well. And we ignore it and, what is interesting, we pretend to God that He does nothing but look at this hell on Earth.

God has already told us what to do. We have to change ourselves - convert, confess (to protect ourselves from demons). Only in a pure heart can we hear the voice of God and not be swayed. We should pray a lot, go back to the basics.

Let's stop fighting for a slice of bread, God wants to give us a lot more!

Today's political and economic systems deliberately create such an evil reality that man loses the true dignity of a God's child. They're trying to fool us, make us argue and humiliate us. We're supposed to forget who we really are and we don't have time to realize it.

I ALREADY KNOW WHO WE REALLY ARE. It was made clear to me at the moment of that miracle in my life.

Do you realize WHO we are? We are really HIS children! We have in us His Spirit - the Holy Spirit! God Himself is within our bodies! We were created to be free at our Father's side. Every civilization that destroys human dignity, enslaves us in any way, turns man against man, comes from Satan and should be destroyed in the bud!

If we were to think of the world as a matrix created by God Himself, sin would be treated as an error in that matrix. Sin is a falsification, a mistake in the earthly reality God intended for us. More and more often we treat sin as something normal, we are accustomed to sin. Meanwhile, sin was and still is a DEFECT in the original matrix, not the norm. It's like a "SYSTEM ERROR". God, looking down on this matrix, sees clearly all "system errors".

Satan, who entices us with a piece of gold, metal and plastic, brings us down to such a value: of gold, metal and plastic.

WE ARE CHILDREN OF GOD HIMSELF! - CAN YOU DREAM OF ANYTHING MORE THAN BEING A CHILD OF THE CREATOR OF THE UNIVERSE? This is the only true reality that is so hard for us to see. It's like a slave finding out he's the son of the ruler of the universe himself! I've been given the opportunity to know and feel the truth, and I want everyone to know it.

Let us not give our souls and bodies away for gold, metal and plastic. Let's not make slaves of ourselves. **THAT'S NOT WHY WE WERE BORN - TO BE SLAVES TO SATAN.**

When the miracle happened in my life in my heart, I felt God's deep respect and love for man. Everything else, true freedom and happiness, stems from this.

THIS IS OUR FUTURE! Not wars, cataclysms, famine, **ONLY GOD** - our true Father.

Let's wake up from that stagnation we're stuck in. Let us do what is necessary to bring the Lord into our world, for us and our children. May our children live a free life, surrounded by respect and true happiness.

Let us repent and believe in the Gospel. All the tools for change are already in our hands. We don't need anything else! Let me give you an example of my story. All you need is:

- 1) to confess. My confession after 2 years of not attending the holy mass "initiated" the miracle.
- 2) to receive the Eucharist. **THE EUCHARIST IS LIVING JESUS.** As a result of this miracle, I became very sensitive to the presence of the Holy Spirit and Jesus. **AFTER RECEIVING THE EUCHARIST I FEEL THAT THE HOLY SPIRIT FILLS ME WITH THE EUCHARIST AS IF IT WAS ENTERING MY HEART.**
- 3) Pray not because you have to, but to show your love for God. We were created to receive love from God and to show it to Him through prayer. **PRAYER IS THE WAY** to connect with God. I prayed for several days before the miracle happened in my life. **I PRAYED A GREAT DEAL TO THE VIRGIN MARY. SHE IS THE MEDIATOR OF ALL GRACES AND IT IS THANKS TO HER THAT I EXPERIENCED THESE GRACES AT THE TIME OF THE MIRACLE.**
- 4) Read the Bible. His words erase our venial sins, close open doors of our hearts to Satan, heal us and show us the truth about who we really are and where we are going.
- 5) To pray the rosary. This is our weapon for today's times, when Satan wants to finally destroy us.
- 6) To fast with bread and water.
- 7) To entrust ourselves to Jesus through Mary, the demon slayer.

Our Father is really alive. He is Almighty - it is true, but He is also the most beloved and tender Father in the universe. We can come to Him with anything, tell Him anything, complain about anything. Just don't pretend to be someone you're not in front of him. Honesty above all else.

He's worth our most tender love. His tender and sensitive heart suffers so much from our enslavement to sin. Let us soothe His heart. Let us do something for Him - for a change.

Let's listen to His fatherly advice. Let us love and let love redefine the direction in which our families, societies and the whole world are heading. Whatever opposes love and respect for others, let it leave our hearts and the reality around us.

Let the love for God and other people be the most important goal and priority of our existence on Earth. Let it bring the world back on the right track.

ONLY LOVE WILL SAVE US.

Stay with God.
